aspenwaste.com

In the last couple city newsletters, we shared that the city was working on a waste hauler RFP ahead of the expiration of the current hauler contracts this spring. Through this process, Aspen Waste Systems was selected as the preferred vendor based on several factors including service and pricing. At the Jan. 10 City Council meeting, a new agreement was approved for Aspen to become St. Anthony's organized collection hauler effective April 1. This change will impact all residential properties with up to three units that are currently serviced by Walter's, Republic, or Waste Management.

The last weekly pickup with the current haulers will occur the week of March 27, and Aspen will begin picking up the week of April 3. Following are some important details for the transition:

New Carts

Three cart sizes will continue to be offered:

- Small - 35 Gallon (recommended for households of 1-2)
- Medium - 65 Gallon (recommended for households of 2-3)
- Large - 95 Gallon (recommended for households of 4+)

Aspen will deliver new garbage and recycling carts to all St. Anthony customers throughout the month of March.

- **Walter’s and Republic** customers will default to their current cart sizes with Aspen. No action is needed, but you can visit savmn.com/cartsizes or contact Aspen by March 1 if you would like to change cart sizes.
- **Waste Management** customers need to select cart sizes by March 1. Please fill out the form at savmn.com/cartsizes or contact Aspen at 612.884.8008 to set up your service. If no selection is made, you will receive medium carts.

Need to make a change after March 1? Please contact Aspen and they will complete within 60 days of the program rollout.

If you don’t receive your new carts by March 27, please contact Aspen at 612.884.8008.

Old Carts

Please leave all carts (garbage, recycling, and yard waste) from your current hauler at the curb after your last service the week of March 27. Walter’s, Republic, and Waste Management will haul away their carts. Do not use any of your old carts after your last pickup with your current hauler.

Service Days

Aspen will pick up on Wednesday or Thursday depending on your location.

- **Wednesday Pickup:** customers located north of 33rd Ave NE
- **Thursday Pickup:** customers located south of 33rd Ave NE

Invoicing

Aspen will mail invoices at the beginning of April for April-June service. After you receive your first invoice, you can set up auto payment or electronic invoicing online at aspenwaste.com or by contacting Aspen customer service.

2023 Rates

Collection Rates as of April 1 (trash & recycling):

Container Size	2023 Monthly Rate - Hennepin County	2022 Rate	2023 Monthly Rate - Ramsey County	2022 Rate
Small	\$21.41	\$23.98	\$22.97	\$25.92
Medium	\$24.54	\$27.00	\$26.41	\$29.23
Large	\$27.67	\$30.53	\$29.86	\$33.13

Yard waste service is \$100.00 for the season or \$3.50 per bag for on-demand service.

Yard Waste Services

Residents need to opt-in to receive seasonal curbside yard waste service. Contact Aspen at 612.884.8008 or go to aspenwaste.com to sign up for this service prior to March 1. Yard waste pickup runs from April 1 – Nov. 30.
